Dashboard shows Total appointment, Return appointment, New appointment, Completed appointment, Users activity graph, Today's appointment list etc.

A screenshot of a web application interface. On the left is a dark sidebar with a user profile for "Ajatt Oberoi, Astrologer" and a navigation menu with items: Dashboard, Masters, Pending Appointment, Times & availability, Break Times, Contacts, Holiday and Leaves, and Events Services. The main content area is titled "Country Entry" and has a light gray background. At the top right of the main area are three buttons: "Save" (green), "Save and Add More" (green), and "Cancel" (red). Below the title, there is a form field labeled "Country Name *" with a red asterisk, containing the text "United State". The bottom half of the main area is a large, empty light gray rectangle.

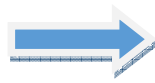

Here you can create Countries as per requirement.

A screenshot of the same web application interface as above. The main content area is now titled "State Entry". It has the same "Save", "Save and Add More", and "Cancel" buttons at the top right. The form fields are: "Country Name *" with the value "India", and "State Name *" with the value "Maharashtra". The bottom half of the main area is the same large, empty light gray rectangle.

Here you can create states according to particular country.

Here you can create your Profile.

The screenshot shows the "User Entry" form in the Ajatt Oberoi system. The left sidebar contains the user profile "Ajatt Oberoi Astrologer" and a navigation menu with items: Dashboard, Masters (selected), Country, State, City, Area, Branch, Profile, Pending Appointment, and Times & availability. The main form area has a title bar with "User Entry" and buttons for "Save", "Save and Add More", and "Cancel". Below the title bar is a "Choose File" button and a "No file chosen" text. The form fields are organized into two columns. The left column includes: Name (text input), Mobile (text input), DOB (date picker), Login (text input), Status (radio buttons for Active and Deactive), User Type (radio buttons for User and Admin), and Address (text area). The right column includes: Email (text input), Alternative Mobile (text input), Joining Date (date picker), Password (text input), and Branch (dropdown menu). The Branch dropdown is open, showing options: "Select Branch", "Andheri Branch", and "Borivli Branch". At the bottom of the form, there is a checkbox labeled "Access By Organizer".

Here you can create users with different rights.

Pending Appointment List:

The screenshot shows the "Pending Appointment Events List" in the Ajatt Oberoi system. The left sidebar is the same as in the previous screenshot, but the "Dashboard" item is now selected. The main form area has a title bar with "Pending Appointment Events List" and an "Import Data" button. Below the title bar are filters for "From Date" (25/05/2020) and "Upto Date" (25/05/2020), with a "Search" button. Below the filters is a "Show" dropdown set to "10" and a "Search:" text input. The table below has the following columns: SR.No, Registered Date, Client, Email, Mobile, Branch, Event Service Details, Appointment Date, Start Time, End Time, Remark, Status, and Action. The table body is empty, and a message "No data available in table" is displayed. At the bottom of the table, it says "Showing 0 to 0 of 0 entries" and "Previous Next".

Here you find pending appointments.

Here you can set events so clients can attend that event.

Generate Appointment & Clients Details:

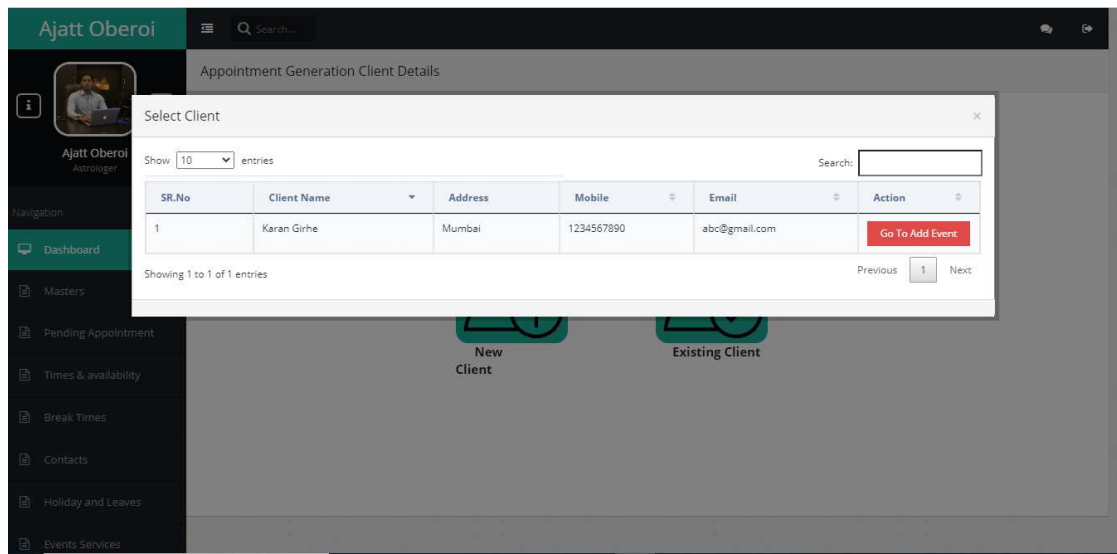

Click New Client:

Here you can enter client detail if it's already exist then it will show next page if not then creates new client.

Click Existing Client:

It's basically use for generating events to particular existing client.

Go to Add Event:

The screenshot shows the 'Client Appointment' form. It contains the following fields:

- Branch*: Andheri Branch
- Event Service*: Seminar
- Consultation Charges: 500
- Date of Booking*: 26/05/2020
- Time Duration*: 60
- Appointment Date Start Time*: 27/05/2020 14:40
- Appointment Date End Time*: 27/05/2020 15:40
- Purpose*: test
- Remark*: testing

At the bottom, there is a checkbox labeled 'Not Send Email & SMS'.

Here you can generate events for particular existing client.
